Stute to restructure itself as a debtor in possession

19 April 2024 · Paderborn · Business Area: Insolvency Administration

The Stute Group based in Paderborn has filed for insolvency for three of its key operating companies to restructure itself as a debtor in possession. The producer businesses concerned, namely Stute Nahrungsmittelwerke, Paderborner Kühlhaus and K-S-K Technische Betriebswerkstätten, have lost considerable sales volumes in recent years due to customers obtaining the relevant products from Eastern Europe. According to the most recently published annual accounts, the Stute holding company achieved sales of approx. 234 million euros in 2021.

Some 600 employees are affected by the three debtor-in-possession proceedings. On 17 April 2024, the Local Court of Paderborn appointed Mr Stefan Meyer, a specialist attorney for insolvency and restructuring law from PLUTA Rechtsanwalts GmbH, as provisional insolvency monitor. He is charged with overseeing the proceedings in the interests of the creditors and will also actively support the restructuring process with his PLUTA team.

A team from RSM Ebner Stolz will assist management during the restructuring. Mr Jan Hendrik Groß, a partner at RSM Ebner Stolz, has been appointed general agent and is tasked with driving forward the company's restructuring. Over the coming months, the Stute Group will refine and

relevant brands throughout Europe, North America and Australia. The Stute Group is currently facing a number of challenges, above all significant changes to general conditions. A fast-changing market environment, combined with location-specific increases in production costs in Germany (particularly in respect of raw materials, energy and staffing), has recently had a sustained impact on the Stute Group's competitiveness, especially compared to international competitors with production capacities outside of Germany. The restructuring measures needed must now be further developed and then implemented as quickly as possible over the coming weeks and months.

"The Stute Group is synonymous with high-quality products that are made in Germany and sold both nationally and internationally. The initial discussions have been constructive, especially with customers and suppliers. Further important negotiations will be held in the coming days. My team and I will make every effort to favourably impact the restructuring process in the interests of the creditors in order to preserve this long-standing Paderborn company and its significant number of jobs," said attorney Mr Meyer.
